

# What do Boys wear to Class:

Going to dance class is a very special event each week. It is something that every dancer looks forward to doing. Getting ready for dance class is just as important as participating in the dance class. It is part of the “discipline” of being a dancer. At New Creations Dance Studio we take pride in the way our dancers look and participate while in class. Listed below are the requirements for your class:

All male dancers should wear tight fitting underwear underneath their dance outfit. Older male dancers should purchase a dance belt from the dance wear store. The dance belt is worn in place of underwear just as an athletic supporter is worn for sport related activities. Dance belts are worn on the waist at the belly button not under the waist on the hips. They should be fitted as tight as possible. They come in black and tan. Either color is acceptable.
